Management Discussion and Analysis

BUSINESS REVIEW

For the six months ended 30 September 2023 (the “Reviewed Period”), the Group continued its journey on digitalisation and expansion of the Group’s business. Where digitalisation is concerned, the headquarter’s (the “HQ”) team has embarked on the setting up of the Enterprise Resource Planning (ERP) system, which is targeted to be completed in 2024. This will streamline the processes undertaken at the HQ and increase efficiencies. Where business expansion is concerned, the Group has expanded its presence into 2 of the malls with high tourist footfall in Singapore, namely, ION Orchard and Jewel Changi Airport. The Group has also explored other ways of increasing revenue, such as launching weekend late-night offerings during school holidays and expanding into events offering.

In addition, the Group will launch another kiosk concept at the beginning of 2024 which is an added stream to build the Group’s revenue. In order to support the digitalisation and business expansion, the Group has undertaken recruitment activities to expand and strengthen the HQ team.

The Group also continue its marketing efforts by engaging with PR agencies and influencers, as well as active postings on Instagram and TikTok. It also has participated in franchise exhibitions in Malaysia, Bangkok and the Philippines to look out for potential master/single unit franchisees.

FINANCIAL REVIEW

The following table sets out a breakdown of the total revenue of the Group by sales segments and their relevant percentages to the total revenue for the Reviewed Period together with the relevant comparative figures for the six months ended 30 September 2022 (the “Corresponding Period”):

	Six months ended 30 September			
	2023		2022	
	S\$’000 (unaudited)	% of total revenue	S\$’000 (unaudited)	% of total revenue
Revenue				
Sales of goods				
— Outlet sales	8,054	65.1%	8,641	62.4%
— Franchisees/licensee	3,568	28.8%	4,322	31.2%
Franchise fee	217	1.8%	260	1.9%
Advertising and promotion fees	101	0.8%	135	1.0%
Royalty	432	3.5%	487	3.5%
Total	12,372	100.0%	13,845	100.0%

Management Discussion and Analysis

The total unaudited revenue of the Group has decreased from approximately S\$13,845 thousand for the Corresponding Period to approximately S\$12,372 thousand for the Reviewed Period, resulting in a decrease in total revenue of approximately 10.6% as compared to the Corresponding Period. The decrease of approximately S\$1,473 thousand was due to decrease in retail and delivery sales mainly in Singapore and decrease in sales of goods to Indonesia and Malaysia franchisees.

Overall sales in Singapore have dropped by approximately S\$788 thousand or 13%. This could be due to the normalisation of post-coronavirus (2019) pandemic (“COVID-19”) during the Reviewed Period as compared to the Corresponding Period when we just saw Singapore lifting up the COVID-19 restrictions, with Singaporeans remaining cautious. In addition, Singaporeans are seen travelling more during long weekends or school holidays in 2023.

Overall sales of goods to Indonesia and Malaysia franchisees have decreased by approximately S\$341 thousand or 19% and S\$381 thousand or 6% for the Reviewed Period as compared to the Corresponding Period. This could be due to the similar normalisation situation faced in Singapore and also the closure of certain outlets in Indonesia.

Royalty income is charged at a fixed pre-determined percentage of non-self-operated outlets’ revenue. Overall sales of non-self-operated outlets across various countries have decreased during the Reviewed Period, thereby decreased the amount of royalty income received by the Group by approximately S\$55 thousand or 11% as compared to the Corresponding Period.

Revenue from franchise fees and advertising and promotion fees remained relatively constant for the Reviewed Period as compared to the Corresponding Period and contributed to approximately 1.8% and 0.8%, respectively, of the Group’s total revenue.

The overall decrease in the Group’s unaudited revenue for the Reviewed Period as compared to the Corresponding Period as well as the increase in administrative expenses has contributed to the decrease in the Group’s net profit.

GROSS PROFIT

Gross profit is calculated based on total sales less total cost of sales. Cost of sales relates to the cost of food ingredients, beverages and packagings consumed by the Group’s Self-operated Outlet(s) and Restaurant(s) in Singapore and Malaysia for their retail sales, and the cost of food ingredients, beverages and packagings sold to the Group’s franchisees in Singapore, Malaysia, Indonesia, United States, Egypt and Cambodia.

Management Discussion and Analysis

For the Reviewed Period, the decrease in the cost of goods sold was in line with the decrease in revenue, while gross profit margin stayed relatively constant at approximately 61% as compared to the Corresponding Period.

SELLING, DISTRIBUTION AND ADMINISTRATIVE EXPENSES

Selling and distribution expenses mainly consist of freight and delivery charges, advertising expenses, outlet rental and depreciation expenses and outlet staff salaries. Overall selling and distribution expenses decreased for the Reviewed Period as compared to the Corresponding Period by approximately S\$90 thousand or 2.8% largely due to the decrease in freight expenses.

Administrative expenses increased by approximately S\$526 thousand or 15.5%, mainly due to increase in office staff payroll costs due to the HQ expansion and provision of doubtful debts for debts which has been outstanding since the COVID-19 period and are now assessed to be potentially irrecoverable.

OTHER INCOME

Decrease in other income mainly pertains to no government grants and rental rebates received for the Reviewed Period as compared to approximately S\$93 thousand received in the Corresponding Period.

This was mainly due to the Jobs Support Scheme and rental rebates being no longer available upon the normalisation after the COVID-19.

OUTLOOK

The Group will continue to keep a lookout for potential business opportunities for the purpose of enhancing the Group's overall earnings.

INTERIM DIVIDEND

The board of directors of the Company (the "Directors" and "Board", respectively) has resolved not to declare the payment of any interim dividend for the Reviewed Period (Corresponding Period: 0.133 Singapore cents per ordinary share of the Company (the "Share")).

EMPLOYEES AND REMUNERATION POLICIES

As at 30 September 2023, the Group had 175 employees with a total staff cost for the Reviewed Period amounting to approximately S\$4,361 thousand (Corresponding Period: 171 employees and S\$3,835 thousand, respectively). The increases were attributed to increase in HQ's headcount and introduction of incentives in a bid to retain and reward outlet staff.

Management Discussion and Analysis

The remuneration of the employees is determined based on their performance, experience and prevailing market situation. Their remuneration package includes salaries, bonus, allowances and retirement benefit schemes. The Company also provides customised training to its staff to enhance their relevant skill and knowledge. The remuneration of the Directors and members of senior management is determined on the basis of each individual's responsibilities, qualification, position, experience, performance, seniority and time devoted to the Group's business. They receive compensation in the form of salaries, bonuses, other allowances and benefits-in-kind, including the Company's contribution to their retirement benefit schemes on their behalf.

SHARE OPTION SCHEME

Pursuant to the written resolution of the then sole Shareholder passed on 23 September 2019, the Company adopted a share option scheme (the "Share Option Scheme") conditional upon the listing (the "Listing") of the Shares on Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 23 October 2019 (the "Listing Date"). The Share Option Scheme became effective on the Listing Date. (e) Period within which the securities must be exercised under a share option

A share option may be exercised in accordance with the terms of the Share Option Scheme at any time during a period as the Board may determine, which shall not exceed ten years from the date of grant subject to the provisions of early termination thereof.

Management Discussion and Analysis

(f) Minimum period for which a share option must be held before it can be exercised

(h) Basis of determining the exercise price

(i) Remaining life

Subject to earlier termination by the Company in general meeting or by the Board, the Share Option Scheme shall be valid and effective for a period of 10 years commencing on the date of adoption of the Share Option Scheme, after which period no further share option shall be granted.
